ATC Loudspeaker Technology Ltd - Service & Repair Booking Form revE

Customer Fault Description Continued...

Repair Technicians Comments Continued...

Terms and Conditions: By completing this form and returning your products to ATC, you agree that should the fault/failure identified by ATC be the result of misuse/connection to faulty equipment/physical or electrical damage, you the owner will be responsible for all labour, parts and carriage charges associated with the repair. If indicated on this form, ATC will provide a quote for costs associated with repair, parts and labour prior to carrying out the repair work; however any carriage charges will be the responsibility of the customer and 1 hour labour may be charged for the initial product inspection.
